

About

Panaya is the leader in ERP change analytics and cloud-based business process testing.

Panaya CloudQuality™ Suite empowers organizations to innovate by supporting continual delivery of business-driven changes across ERP systems of differentiation.

With Panaya, IT and business leaders have the opportunity to accelerate and promote change so that business applications meet the rising demands and pace of today's business in light of digital transformation.

Panaya CloudQuality™ Suite is a Software-as-a-Service cloud platform that delivers powerful ERP change analytics and actionable recommendations to effectively plan, scope, test and report business driven and ERP change implementations.

Fueled by real-world ERP testing and usage data, Panaya provides the ERP change intelligence needed to mitigate the risks, cut the time and lower the cost of critical ERP change implementation. This allows organizations to introduce new business models and new products to the market faster, without compromising on quality.

Enable ERP Agility

Panaya brings simplicity, quality

and agility to all ERP and business process changes across your systems. With over 7.5 billion lines of code tested, across 27,000 customer analyses and 5 million script transactions, Panaya ensures a positive effect on your business with every business process change you make.
