

Panaya Test Dynamix Worksoft Integration

Leverage the #1 ERP Test Management Platform
to Scale Your Test Automation to Another Level

Data Sheet

The Best of all Worlds

Panaya provides control for better ERP test cycles.
Worksoft allows end-to-end automated testing.
Combining the two, you get a complete solution to boost
your functional testing in a simple, fast, and efficient way,
balancing manual & automation testing in one place.

Benefits

A single source of truth to control testing

Gain maximum control executing both attended and
automated testing cycles in Panaya, and see actual results
and execution status in real time.

Make automation accessible to everyone

Simplify test automation for technical and non-technical
users with Panaya's ease of use.

BizDevOps (DevOps 2.0) - Linking business to IT

Empower business stakeholders to plan and control
automatic test cycles as part of your continuous testing
process.

Accelerate testing and reduce cost

The power to do more with less, reducing the time, cost,
and risk of any SAP or Oracle testing cycle by more than 50%.

Best of Breed ERP Test
Management Meets the
Leading Automation Platform.

Panaya

Worksoft

*Panaya provides all the
aspects of testing in one tool.*

*No other tool in the market is
providing everything at once as
Panaya does.*

Key Features

Synchronize your Worksoft library into Panaya

Enrich the Panaya test catalog with Worksoft automation scenarios. Consolidate all testing assets into Panaya to plan cycles, and manage data sets, in a single place.

The Process

Easy to access, detailed test results

Get highest-quality test result documentation from a single place, covering attended and automated test cycles.

ID	NAME	STATUS	CREATION DATE
