

PANAYA S/4CONVERT

The Safest Way to an SAP S/4HANA System Conversion

Everything You Need to Migrate with Confidence

IN ONE SAAS SOLUTION

The Most Comprehensive Impact Analysis Coverage

Leveraging SAP tools, best practices, and Panaya proprietary Change Intelligence AI.

Intelligent Code Remediations

Ready-to-deploy massive **automatic** code corrections with the touch of a button.

Real Data & Usage-based Scoping

Based on an automatically generated project plan in 48 hours, including all correction and test activities.

A Testing Platform Designed for SAP

Business process-centric Test Management Platform designed for SAP, fully integrated with Test Automation.

SAP & PANAYA JOIN FORCES

To Drive SAP S/4HANA Adoption.

Your Autopilot for Change

In just 48 hours, Panaya provides an auto-generated conversion plan based on your customization and usage with ready-to-deploy auto code correction, optimized project scope, and test plan.

“

**PANAYA TOOK OUT
THE PAIN OF MIGRATING
TO SAP S/4HANA**

Julian Bond
Head of ICT, Hillarys

BENEFITS

GAIN VISIBILITY AND CONTROL OVER EVERY ASPECT OF YOUR PROJECT

Control your progress with real-time insights into each step.

GET IT RIGHT THE FIRST TIME - AVOID MULTIPLE SANDBOX ITERATIONS

Futureproof each step upfront based on real-time SAP S/4HANA insight.

ELIMINATE MIGRATION RISK

Foresee exactly what will break, what to fix, and what to test, based on a complete SAP S/4HANA system conversion impact analysis.

CUT DOWN YOUR PROJECT TIME AND BUDGET BY HALF

Reduce 90% of code remediation effort by scoping test plans based on actual usage.

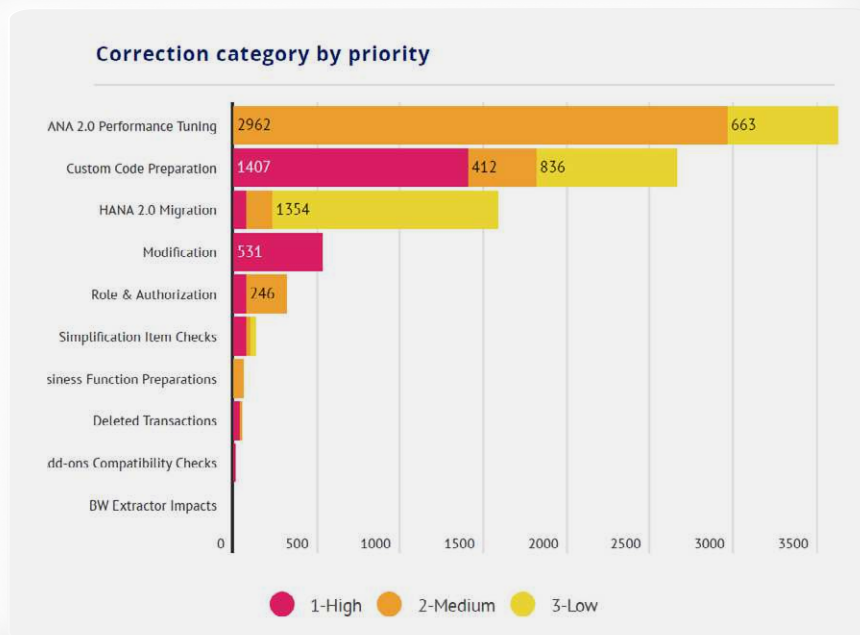

FEATURES

A Complete SAP S/4HANA System Conversion Assessment

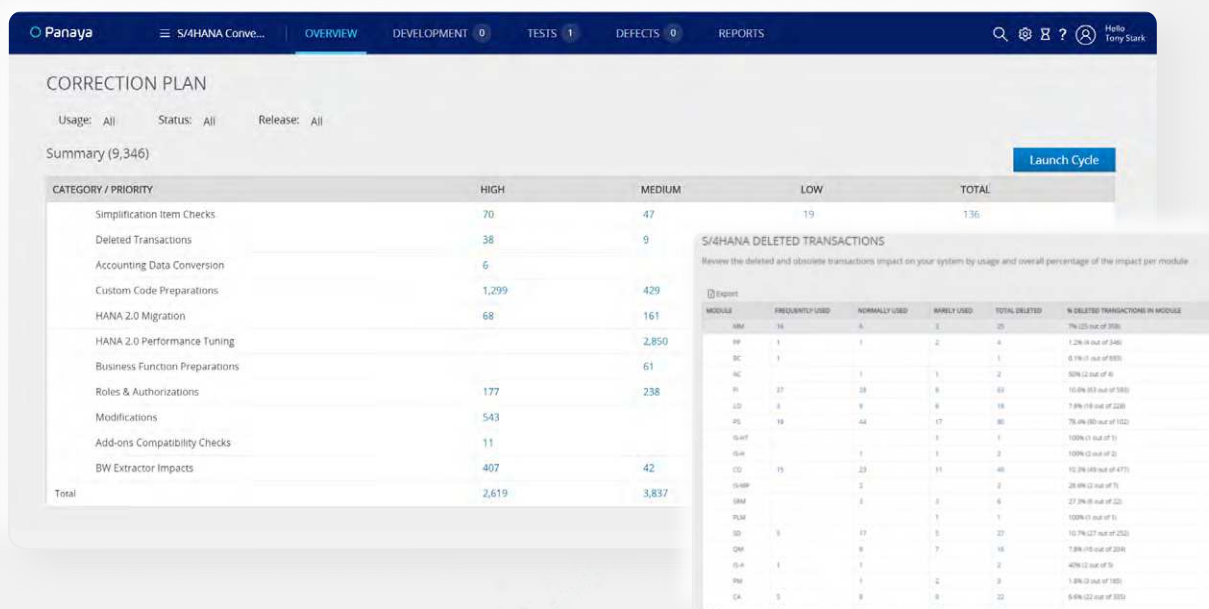

Know all your project activities and effort in under 48 hours.

Save hundreds of working hours, with end-to-end project estimations and optimization factors, covering both remediation and testing activities.

Panaya Change Intelligence Impact Analysis for SAP S/4HANA

See your risk upfront with in-depth SAP S/4HANA conversion analysis spreading across custom and standard objects, covering dozens of correction categories, over 70 correction types, and 11K deleted transactions.

Intelligent Code Remediation

Reduce project costs with 90% auto-corrected SAP HANA migration, SAP S/4HANA simplifications, obsolete functions, and cloned programs. All ready to deploy at the touch of a button, directly into your Dev system.

Monitor and control your progress in real time with full visibility over automatic and manual code correction planning and execution. Selectively decide which corrections to fix (automatically or manually) and synchronize them in real-time to monitor project's progress.

Code Description < 12 / 100 >

```

112      I_INTERNA-PKUNZA
113      I_INTERNA-MATNR
114      INTO WA_INTERNA-CLAVE.
115
116 * Buscamos la jerarquia asociada al material
117 * Lo hacemos en la MVKE, asegurandonos de que es correcta
118 * SELECT SINGLE PROOH
119 * FROM MVKE
120 * INTO WA_INTERNA-PROOH
121 * WHERE MATNR = I_INTERNA-MATNR.
122
123 * Se pasa a KG para tener siempre la misma unidad de medida
124 * IF I_INTERNA-YUNID <> 'KG'.
125 * CALL FUNCTION 'MD_CONVERT_MATERIAL_UNIT'
126 * EXPORTING
127 *   I_MATNR      = I_INTERNA-MATNR
128 *   I_IN_ME      = I_INTERNA-YUNID

An SAP-Specific Test Management Platform, Fully Integrated With Worksoft Smart Test Automation

Get real-time visibility and control each step of your testing with an end-to-end business process-centric test management platform, designed specifically for SAP testing.

Panaya is also fully integrated with Worksoft's codeless automation platform. Combining the two enables you to accelerate and optimize all of your functional testing, balancing manual and automation testing in one place.

DON'T COMPROMISE YOUR CONVERSION

GET YOUR OWN DEMO »

Panaya's Change Intelligence platform enables organizations to understand the impact of every potential change to their ERP or CRM, so they innovate quickly, safely, and without fear. With Change Intelligence, companies gain deep, granular insight into each upgrade, update or added feature down to the code-level. They understand exactly what, where, and how to test so they deploy more efficiently. And they get precise, change-by-change directions, allowing them to continuously innovate at the pace of today's business. With offices in the US, France, Germany, Japan, and Israel, Panaya is helping over 3000 leading enterprises worldwide change with confidence.
